# NATIONAL SAVINGS CERTIFICATES

Available in three different series, maturing after 5, 7 and 12 years. The yield is 3%, 3·57% and 4·16% simple interest, respectively, at maturity. Thus, in the 12 year-certificates money increases by 50% on maturity. Interest is free of income-tax and super-tax and is not taken into account in arriving at the total taxable income.

The certificates are obtainable from Post Offices doing Savings Bank business in denominations of Rs. 5, 10, 50, 100, 500, 1,000 and 5,000. An individual can invest upto Rs. 25,000, and two joint holders upto Rs. 50,000/-.

Full particulars obtainable from Post Offices, District Organisers of the Small Savings Scheme, Assistant National Savings Officers, Provincial National Savings Officers, or the National Savings Commissioners, Simla.

Deposits accepted in multiples of Rs. 100/- upto a maximum of Rs. 25,000 for a single depositor and Rs. 50,000 for two persons jointly. Interest at 3½% per annum (free of all taxes and not taken into account in assessing the total taxable income) is paid or remitted to the depositor's address every year. Deposits accepted at offices of the Reserve Bank of India at Bombay Calcutta, Delhi & Madras, and Branches of The Imperial Bank of India in other places transacting treasury business.

Full particulars obtainable from District Organisers of the Small Savings Scheme, Assistant National Savings Officers, Provincial National Savings Officers, or the National Savings Commissioners, Simla.

## REMARKS

The figures of births and deaths shown in the statement for week ending the 8th September, 1951, relate to 192 towns with an estimated population of 24,987 thousands. The total number of towns is 253 and their population is 29,976 thousands. Thus 76% of the total number of towns representing 83% of the total population is covered in this statement. The numbers of births and deaths recorded in these towns were 17,839 and 8,636 representing birth and death rates of 37.1 and 18.0 per thousand of population respectively.

(A) States (Parts A and C).—The data here relate to 175 towns with an estimated population of 22,474 thousands. Information about Assam and Bihar could not be included. The total number of towns is 219 and their population is 25,876 thousands. Thus 80% of the total number of towns representing 88% of the total population is covered. The numbers of births and deaths

recorded in these towns were 16,534 and 8,017 representing birth and death rates of 38.3 and 18.5 per thousand of population respectively. The table at the end gives the position by States.

No town recorded a high death rate of 50 or over per thousand of population.

(B) States (Part B).—The data here relate to 17 towns with an estimated population of 2,513 thousands. The total number of towns is 34 and their population is 4,300 thousands. Thus 50% of the total number of towns representing 58% of the total population is covered. The numbers of births and deaths recorded in these towns were 1,305 and 619 representing birth and death rates of 27.0 and 12.8 per thousand of population respectively.

No town recorded a high death rate of 50 or over per thousand of population.
